

Florida Students Bring Sunny Smiles, Helping Hands

PHOTO SPECIAL TO THE SUN

Students from Florida-based Boca Raton Christian School stayed at Long View Ranch in Mosheim during their spring break in March. While visiting for a mission trip, students lent a helping hand at Holston United Methodist Home for Children by scraping and painting fences, spreading mulch, planting flowers and picking up debris. This marked the second year the group has volunteered at Holston Home. Above, the Florida students smile for a photo while sporting their Long View Ranch T-shirts.
